Liverpool
Clinical Commissioning Group

I am **D/deaf** and use **British Sign Language** to communicate.

This means **I need an interpreter** for my care.
Please can you ensure an interpreter is booked?

These are my rights

The NHS is legally required to provide an interpreter for me, in accordance with the Equality Act 2010, Accessible Information Standard, and the NHS Constitution.

All GPs and NHS Trusts in Liverpool have arrangements in place for this.
