Dear

Re: Freedom of Information Request

Thank you for your Freedom of Information request that we received on 9th October 2019, with regards to the number of nurses eligible to care for clozapine patients.

Request:

I am currently looking to ascertain the number and percentage of nurses within each CCG in the UK who are trained and available to care for Clozapine patients.

Response:

There are zero nurses within NHS Liverpool Clinical Commissioning Group that are trained and available to care for clozapine patients. This is because as a commissioning organisation, we do not provide direct patient care.

Once an FOI request is answered, it is considered to be in the public domain. To promote transparency, we may now publish the response and any material released on the CCG's publication scheme. All personal information in the letter will be removed before publishing.

We wish to take this opportunity to inform you that a formal complaints and internal review procedure is available to applicants who are unhappy with responses provided to FOI requests. You can formally request an internal review within a reasonable period of time (2 calendar months) from the date this response was issued.

Where you are not satisfied with the decision of the internal review you may apply directly to the Information Commissioners Office (ICO) for a further review of that decision. Generally, the ICO cannot make a decision unless you have exhausted our complaints procedure in the first instance.

The ICO can be contacted at:

Information Commissioners Office
Wycliffe House
Water Lane
Wilmslow
Cheshire
SK9 5AF

www.ico.gov.uk

Should you require any further information, clarification regarding this response or do not feel that your request has been answered as you would expect, please contact us to discuss.

Yours sincerely,

Corporate Services Team
NHS Liverpool CCG
